— Workshop Overview

Welcome to the Blockchain for Supply Chain Management training course, an in-depth exploration of how blockchain technology is transforming the landscape of supply chain operations. This Blockchain for Supply Chain Management training course is meticulously crafted to provide participants with a robust foundation and advanced insights into the strategic integration of blockchain in supply chain management. In today's dynamic business environment, supply chain management is facing unprecedented challenges ranging from complexities in global logistics to ensuring product authenticity and combating counterfeit goods. Blockchain technology has emerged as a game-changer, offering unparalleled capabilities in enhancing transparency, traceability, and operational efficiency throughout the supply chain ecosystem. Throughout this Blockchain for Supply Chain Management training course, participants will embark on a journey to understand the core principles and mechanisms that underpin blockchain technology. They will explore real-world use cases and success stories where blockchain has been leveraged to streamline supply chain processes, mitigate risks, and foster trust among stakeholders. Key topics covered in this course include:

- Understanding Blockchain Technology
- Blockchain Applications in Supply Chain Management
- Implementing Blockchain Solutions
- Future Trends and Innovations

Why Attend

This training course will utilize a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. The facilitator will provide interactive presentation that incorporates slides, videos, group discussion, and practical exercises to examine all aspects of the topic.

Who Should Attend

Supply Chain Managers and Logistics Professionals
Procurement and Operations Managers
Entrepreneurs and Innovators Exploring Blockchain Solutions
Technology Enthusiasts
Regulators and Policymakers

— Learning Objectives

- Gain a fundamental understanding of blockchain technology and its relevance to supply chain management
- Identify key challenges in traditional supply chain operations
- Learn about practical blockchain applications for supply chain transparency and security
- Understand how to start planning and implementing blockchain solutions in supply chain management
- Analyze real-world use cases and best practices from different industries

Course Outline

DAY
1

Day One: Introduction to Blockchain and Supply Chain

- Blockchain Essentials
- Overview of Supply Chain Management
- Traditional Supply Chain Challenges
- Blockchain's Impact on Supply Chains

DAY
2

Day Two: Blockchain Features for Supply Chain

- Transparency and Traceability
- Data Immutability and Security
- Smart Contracts in Supply Chains
- Real-time Visibility with Blockchain

DAY
3

Day Three: Blockchain Applications in Inventory and Logistics

- Real-time Inventory Tracking
- IoT Integration and Smart Sensors
- Supply Chain Authentication and Verification
- Case Studies in Inventory Management

DAY
4

Day Four: Implementing Blockchain in Supply Chain

- Assessing Blockchain Feasibility
- Designing Blockchain Solutions
- Overcoming Implementation Challenges
- Case Studies in Successful Implementations

DAY
5

Day Five: Interoperability, Standards, and Future Trends

- Interoperability Challenges and Solutions
- Industry-specific Standards and Consortia
- Emerging Trends and Future Directions
- Course Conclusion, Certificates, and Q&A

— Upcoming Classroom Dates

DATE	LOCATION	FEE
12 - 16 October 2026	Kuala Lumpur - Malaysia	€1,400
9 - 13 November 2026	Barcelona - Spain	€1,925
14 - 18 December 2026	London - United Kingdom	€2,100
18 - 22 January 2027	Frankfurt - Germany	€1,625
15 - 19 February 2027	Barcelona - Spain	€1,925
15 - 19 March 2027	Frankfurt - Germany	€1,625
19 - 23 April 2027	Rome - Italy	€2,125
17 - 21 May 2027	Kuala Lumpur - Malaysia	€1,400

— Certificate and Registration

Participants who attend and complete the full programme receive a SPARK Training Certificate of Completion. For registration, in-house delivery, or availability questions, contact info@sparktraining.eu or +31 85 115 0004.
