— Workshop Overview

Fraud continues to pose significant financial and operational risks to organizations across all sectors. This course provides participants with the practical knowledge and investigative skills needed to identify, investigate, prevent, and respond effectively to fraudulent activities. Participants will develop the competencies required to conduct structured investigations, gather evidence, interview witnesses and suspects, and strengthen fraud prevention initiatives.

Why Attend

The course uses a practical and interactive approach combining presentations, case studies, investigation simulations, group discussions, role plays, interviewing exercises, and real-world fraud scenarios to enhance practical application.

Who Should Attend

Internal auditors
Compliance professionals
Fraud investigators
Security and risk management professionals
Internal control specialists
Legal and regulatory professionals
Professionals responsible for fraud prevention and
